

## ERASMUS+ project

### “English in Modern Times of Fluid Change”

#### City/ street games

At City Game, teachers provide their students with games and tours that allow them to explore cities/ towns/ places of your own choice in a fun, unique, and engaging experience! Students play and explore while they solve puzzles, find hidden spots, or learn something new. City games promote collaborative and peer-to-peer learning as students have to cooperate to solve the task. City games make learning and teaching process more engaging, more interesting and more motivating.

#### What is the main purpose of outdoor activities?

Use of the outdoors makes a major contribution to physical and environmental education and enhances many other curriculum areas. It contributes to personal growth and social awareness and develops skills for life and the world of work. Qualities such as a sense of responsibility and a purpose in life are nurtured.

#### What is the purpose of a game?

Key components of games are goals, rules, challenge, and interaction. Games generally involve mental or physical stimulation, and often both. Many games help develop practical skills, serve as a form of exercise, or otherwise perform an educational, simulational, or psychological role.
